688 TRANSITION

◉ Chapter 688

--Services after exiting special education

688 TRANSITION

Chapter 688 (commonly referred to as the “turning 22 law”

--- a planning process which identifies services and/or supports needed through *adult service system after student exits special education.*

688 TRANSITION

- Two years before student exits special education (before graduation or turning 22) the school district makes a 688 referral
- This starts a process to plan for services when student exits special education

688 TRANSITION

- 688 provides a two-year planning process for students with severe disabilities who meet certain eligibility requirements
- Chapter 688 is **NOT** an entitlement or guarantee of services
- Chapter 688 is **NOT** a continuation of special education services

688 TRANSITION

Who is eligible?

- ⦿ **Persons who are automatically eligible for chapter 688 include:**
 - Anyone receiving SSI/or SSDI based on his/her own disability
- OR*
- Anyone listed in the registry of Massachusetts Commission for the Blind

688 TRANSITION

- ◉ **All students referred to chapter 688 must be:**
 - Receiving special education services in Massachusetts paid by the school district
 - And
 - In need of continuing services because of the severity of their disability
 - And
 - Unable to work 20 or more hours a week in competitive employment

688 TRANSITION

What are the benefits?

- Provides timelines and planning time for state agencies
- Identifies a state agency that will work with eligible student
- An Individual Transition Plan (ITP) will be developed by the state agency to understand the student's needs and begin programmatic and fiscal planning to help provide necessary services

688 TRANSITION

The ITP:

- Outlines the day, vocational, residential and support services needed when student exits special education
- Lists the agency responsible for providing those services once found eligible
- Should be complete before the young adult finishes his or her education or turns 22
