

House of Representatives FY'2022 Budget

The Arc is grateful for a continued positive outcome in the House of Representative's budget blueprint. Thank you to Speaker Ron Mariano and his leadership as well as rank and file house members. The significant gains in the DDS budget (consistent with The Arc's budget requests) resulted in \$15 million for Day and Work programs, an additional \$7 million for Family Support and Respite, and an additional \$7 million for the Transportation line items. Other line items for our community were maintained or increased. DDS Community Accounts and Rate Line Item are below.

Line Item	Title	FY'2021	Gov H-1 FY'22	House Budget FY'22
